## TORQUE TOOL TURNS COUNTER

## MODEL TC

### General Description

The TC is used in conjunction with a UES Torque Tool and displays the number of turns +/- made by the Torque Tool output drive socket. The TC is a stand alone unit and installation does not need complex control system or datalink.

The TC has an inbuilt light sensor that actuates the display only when illuminated by ROV or diver lights. This allows the TC to remain dormant increasing battery life.

### Technical Specification

Display:	5 Digit LED, +/-9999, 14mm
Depth Rating:	3000m
Battery:	Rechargeable NiMh D Cell Low Battery Warning
Count Reset:	By Magnet
Length:	200mm
Width:	80mm
Height:	40mm
Body Dia:	50mm
Weight:	1.6kg in air 1.1kg in water
